

A Riddlee Rallee Ree Rally Review

By Sheryl Sackett

Despite the prediction for rain, we found ourselves with a perfectly gorgeous top down day for a fun rally organized by the infamous rally master of sneakiness, Bob Wiley and his sidekick accomplice, PK Rajic.

The rally route took us on some great roads around most of Hendricks County, starting in Plainfield, down through Martinsville, Monrovia, and finally heading north to Danville. As residents of Hendricks County, Dave and I really appreciated finally being able to start a rally right in our own backyard without having to drive two hours to get to the starting point!

Several ralliers, stumped by Bob's questions, opted to forego the clues and riddles, and decided to just enjoy the beautiful weather and the fun, curvaceous roads. And then there were some of us (who are apparently as oddball as Bob), who actually enjoyed his brain teasers and made it our mission to attempt to answer every one of his silly questions correctly.

For those of you that missed the rally, I thought it would be fun to include a few of Bob's brainteaser riddles, purely for your entertainment pleasure. The answers can be found elsewhere in this newsletter. See how you would have done!

- | | |
|--|---|
| 1. What team is this? | TTTTRRRRRRRRR |
| 2. What profession is this? | legals legals |
| 3. What saying is this? | Step pets pets |
| 4. What saying is this? | i right i |
| 5. What saying is this? | Give give give give get get get get |
| 6. What item is this? | issues issues issues issues issues issues issues issues issues issues |
| 7. What are these? | gesg segg gegs gges |
| 8. Who is this? | must get here, must get here, must get here |
| 9. What word is this? | XQQME |
| 10. Rearrange the letters in the word "new door" to make one word. | |

After attempting to answer each and every clue and riddle correctly, we arrived at Mayberry Café in Danville, with exactly 1 minute to spare before the disqualifying cut-off time. We spent so much time backtracking to find the answers to each and every clue, that when it came down to the end of the rally, we actually exceeded speeds over 80 trying to reach the final destination on time! (Good thing Andy and Barney weren't around to see that! We would've been thrown in the cell with Otis for sure!)

As we compared our answers to Bob's clue photos, we realized that although we thought we had answered all of the questions correctly, Bob can be very sneaky, and we discovered we had indeed missed quite a few. But again, we had to concede...because as you know...the rally master is always right!

Everyone enjoyed a great meal at Mayberry Café. The restaurant is a tribute to the Andy Griffith show and America's favorite hometown — Mayberry. The Café has wall-to-wall memorabilia as well as a replica of Andy & Barney's squad car parked out front! It's worth a visit if you've never been.

After lunch, Bob announced the winners of the

rally. Third place went to Alan and Denise Stucky. Second place went to Steve and Kathy Crouse, who actually tied for first place, but lost the tiebreaker question to Dave Francik and Sheryl Sackett (yours truly), who won first place!

I have to say...it was a very exciting win, as I have been doing Miata rallies for 11 years now, and yet this is the first time I've ever won first place! I have to say...it was quite a thrill for me! If any of you know me at all, you know I can be quite competitive! Not only that, but we were awarded with gift certificates to two of our favorite places in the world (Target and On the Border) so it was only a matter of hours before the gift certificates were gone!

Answers to questions on Page 4.
