	19.0	End of leg 3

80.2 Total Miles of all legs

Weiner Roast & Hayride

Our evening will take place at the Hillcrest Shelter. Once through the gate, the shelter is 1.5 miles into the park. Continue on the main road through the park following signs to the pool and nature center. Hillcrest Shelter is past the nature center on the left. Parking is on the right across the road from the shelter. There are only pit toilets at the shelter, so you may choose to stop at the Canyon Inn before going to the shelter. Canyon Inn is located on the second drive to left after entering the park.

If it's not raining, we will have a private hayride starting at 6PM. The hayride will start and end at the shelter. Two wagons have been reserved for a 45 minute hayride.

The weiner roast will start after the hayride. All food and table service will be inside the shelter, but you are welcome to sit inside or out. The outside grill will be used for cooking hotdogs and roasting marshmallows.
